Heavy on the waist, memorize what I say so
When this shit goes down
You won't be surprised how this shit turns out
I'm a gangsta, you try my hand and get cut
And hav by the raft for the A K dunn
I'm a menace, a millionaire, rich and I'm ruthless
You got plans at gettin' at P? Don't do it
I'm a terror, white people call me black hearted nigga
My baby mom's left me
'Cuz she couldn't put up with my foul attitude
I'm so fucked up, and I love it, it got me to where I'm at dunn
If I had it to do over, I wouldn't change a thing
I would still shoot at world and his mom'z for that chain
I would still get cut and would still catch a fade
By the older thugs around the way, what?
I would still get cut and would still catch a fade
By the older thugs around the way
