

That Heat (feat. Erykah Badu & Will.i.am)

Sergio Mendes

One for the treble, two for the bass
Three for the ladies and four for the blaze
Yo, yo, yo, it's that heat, that heat, that heat, that heat
It's that heat, yoThe heat comin' thick down from Sao Paulo
Bank in New York shakin' up the Apollo
Rhyme like night, people bite and swallow
But the way to recite it is soundin' raw hollowHollow like empty, 40 ounce bottles
Holla at ya boy if you wanna date models
Brazilian beauties wit booties that wobble
Booby like tooties that fog up ya gogglesYeah, I keep it hot full throttle
Beats bang out and keep yah head on bobble
Instrumentally, I'm rich like lotto
Fundamentally, I just can't followOr get sentimental when witnessing my bro's
Divin', duckin', dodgin' from hollow
Point bullets that turn bodies into John Does
I stay positive and rock mics 'cause I goOne for the treble, treble, two for the bass, bass
Three for the ladies, ladies and four for the blaze, blazeThat heat, that heat
That heat, that heat
So take off ya clothes
Relax yah soul, unwind yah spineIt's that heat, that heat, that heat
It's that heat, that heat, that heat
It's that heat, that heat, that heat
It's that heat, yoIt's that heat comin' in slow motion
Barbecue yah body, keep yah body straight roastin'
Light skin hunny's get the sun tan lotion
Dark skin hunny's in the summer no commotionYou can catch me chillin' by the ocean
Wit Brazilian feminines sippin' on potions
Girls lookin' like Cinnamon toast
And I got a little chocolate for yah cinnamon toastI got the notion to get real close
That's a little self promotion, don't mind if I boast
Baby, I can be yah favorite host
Break yah off wit a single or a freaky double doseJust don't catch no emotions
I bring heat from coast to coast and
Beats and rhymes is my devotion
I'm turnin' mc's into ghosts when I talk aboutOne for the treble, two for the bass
Three for the ladies and four for the blazeIt's that heat, that heat, that heat
It's that heat, that heat, that heat
It's that heat, that heat, that heat
It's that heat soIt's that heat, that heat, that heat

It's that heat, that heat, that heat
It's that heat, that heat, that heat
It's that heat yo
