Dawn

Injected

She threw me away yesterday, her deadbolt locks
I feel no shame, she always wondered if I'd bend
Or if I'd break, you wanna disappear from here?
'Til daylight comes, we'll have no fear
You pick the place, come closer
Whisper in my ear, "Anywhere but here"
Locked out till way past dawn again
Strung out before and I never win
Want to sleep but sleep's just a dream
That slips from my hands

I bite my lip just enough to stay awake
I never wonder if I'll bend or if I'll break
Let's disappear, no fear
Wake up a thousand miles from here
You pick the place, come closer
Whisper in my ear, "Anywhere but here"
She let me down anyway but I won't be around
You let me down anyway but I won't be around
