

# Dawn

## Injected

She threw me away yesterday, her deadbolt locks  
I feel no shame, she always wondered if I'd bend  
Or if I'd break, you wanna disappear from here?  
    'Til daylight comes, we'll have no fear  
    You pick the place, come closer  
Whisper in my ear, "Anywhere but here"  
    Locked out till way past dawn again  
    Strung out before and I never win  
    Want to sleep but sleep's just a dream  
    That slips from my hands

I bite my lip just enough to stay awake  
I never wonder if I'll bend or if I'll break  
    Let's disappear, no fear  
    Wake up a thousand miles from here  
    You pick the place, come closer  
Whisper in my ear, "Anywhere but here"  
She let me down anyway but I won't be around  
You let me down anyway but I won't be around
