Pressure

Rusko

(SCANNING: How can it be i deserve this?
You keep me lonely on purpose, now my tears on the surface, after saying goodbye)
I'm alone but it's all right, cause you're not the one left alone
But it's all right cause you're not the one.
We're getting rid of the pressure, wo oh wow (x2)
We're getting rid of the pressure, it feels so right, dont need it no more.
How can it be I deserve this?
You keep me lonely on purpose, now my tears on the surface, after saying goodbye
I'm alone but it's all right, cause you're not the one left alone
But it's all right cause you're not the one.
We're getting rid of the pressure, wo oh wow (x2)
We're getting rid of the pressure, it feels so right, dont need it no more.
(Yeah) (x2)
We're getting rid of the pressure. (x2)
(SCANNING)
I'm alone (x2)
(Garbled)
We're getting rid of the pressure. (x4)
After saying goodbye
I'm alone but it"s all right, cause you're not the one left alone
But it's all right cause you're not the one.
We're getting rid of the pressure, wo oh wow (x2)
We're getting rid of the pressure, it feels so right, dont need it no more.
