

# White Man/Black Man

James Gang

White man, black man listen to me  
Hear what I've got to say  
You've got to learn to live together  
Right now, right away Before it's too late  
Before it's too late Black man forget the hate  
That's been around for so long  
White man you've got to know  
That sometimes you've been wrong About your brother  
'Cause he's a good man  
You know he's just like you The time's gonna come  
The time's gonna come Before it's too late  
Before it's too late Sometimes I get the feelin'  
That it's never gonna end  
When a brother and a sister  
Somehow become friends To love each other  
Is a good thing  
And to know is to love You've got to love one another  
You've got to learn to live together  
You've got to love one another  
You've got to learn to live together
