

# Amazing (feat. Laughton Kora)

## Kim Dotcom

Don't give up when the clouds are up  
Just come with me and we'll fly above

It's amazing  
So amazing

It's amazing Yeah hey hey Open your mind, be free

I'll be your angel, fly with me I said hey  
I'm ready when you're ready, come on, let's play

We'll take this ship to outer space

I'm ready when you're ready, come on, let's play Yeah hey hey Don't give up when the clouds are up  
Just come with me and we'll fly above

It's amazing  
So amazing

It's amazing Stay with me 'til the sun comes out

The elevation is such a rush

It's amazing  
So amazing

It's amazing A touch of heaven at your feet  
Yeah

Don't waste your time on what you need I said hey

I'm ready when you're ready, come on, let's play

We'll take this ship to outer space Yeah hey hey Don't give up when the clouds are up  
Just come with me and we'll fly above

It's amazing  
So amazing

It's amazing Stay with me 'til the sun comes out

The elevation is so courage

It's amazing  
So amazing

It's amazing (Come on!) Don't give up when the clouds are up

Just come with me and we'll fly above

It's amazing  
So amazing  
It's amazing

Stay with me 'til the sun comes out

The elevation is such a rush

It's amazing  
So amazing  
It's amazing
