## VERSE 1

covered in the blood of Jesus, born in the city of Angels  
Where Satan be scheming your weakness and, ready to wrangle  
Entangle you with demons that's seething  
to mangle and strangle, your believing deceiving and reaving  
leaving you grieving a legion of treason the reason  
he competing and cheatin deleting your faith leaving you wraith  
leaving draped completely reshaped undermining your base eye  
the message is clear, God is always near,  
when you're faced with the desire, God is always here,  
when you're walking in the fire stay walking with no fear  
stay praying with no fear he gotcha  
angels and saints when you're giving him thanks  
can pull you through the deepest waters, safe to the banks  
can rise above the evil maters who don't bother to blink  
bother to think trying to slaughter my ink  
he gave a son, who gave his life, who gave us love, who gave us light  
that made us whole and made us right ,  
that made us whole and made us right , Christ  
Angles!

## CHORUS

VERSE 2  
Everywhere we go, Angels watch our backs  
We live in tough times, religious freedoms are under the attack  
We thunderin back through all the black, through all of the flack  
No rolling us back we strong  
Our elite purpose when we worship is to keep churchin  
cause the street circus that seep curses will keep hurtin  
causing you drama, mixed with the brahma  
hot as a sauna, let go of the trauma we saved  
speak his name, let his deeds be known  
it's no shame I'ma claim with a preachers tone

with my sneakers on, til the speakers blown  
(til the speakers blown)  
together we rise united we fly  
no need to silently cry or divided we die  
God is the eye, God is the key

The keys, the keys, keys watching over meCHORUSSCRIPTURE
