

A Man Needs a Maid

Neil Young

My life is changin' in so many ways
I don't know who to trust anymore
There's a shadow runnin' thru my days
Like a beggar goin' from door to door
I was thinkin' that maybe I'd get a maid
Find a place nearby for her to stay
Just someone to keep my house clean
Fix my meals and go away
A maid, a man needs a maid
A maid
It's hard to make that change
When life and love turns strange, and old
To give a love, you gotta live a love
To live a love, you gotta be part of
When will I see you again?
While ago somewhere I don't know when
I was watchin' a movie with a friend
I fell in love with the actress
She was playin' a part that I could understand
A maid, a man needs a maid
A maid, a man needs a maid
When will I see you again?
