Daydreamer

Flux Pavilion

Opening:

Iâ€™m a hood daydreamer now
Escape to another world
Live for another day
Escape to another world

Iâ€™m a hood daydreamer now
Escape to another world
Live for another day
Iâ€™m a hood daydreamer now

Verse 1:
We spend our life in the rain
Every day feels the same
When I awake in the morning no, no
We feel like our work is done
And sit and wait for the sun
But itâ€™s hot in our eyes

Verse 2:
We spend our life in the rain
Every day feels the same
When I awake in the morning no, no
We feel like our work is done
And sit and wait for the sun (so young)

Iâ€™m a hood daydreamer now
Escape to another world
Live for another day
Escape to another world

Iâ€™m a hood daydreamer now
Escape to another world
Live for another day

We feel like our work is done
And sit and wait for the sun (so young)
Iâ€™m a hood daydreamer now

(x3)
Donâ€™t have to be told
Donâ€™t have to grow old

(Iâ€™m a hood daydreamer now)

(x2)
Donâ€™t have to be told
Donâ€™t have to grow old

(Iâ€™m a hood daydreamer now)

(x2)
Donâ€™t have to be told
Donâ€™t have to grow old

(Iâ€™m a hood daydreamer now)

(x3)
Donâ€™t have to be told
(Live for another day)
Donâ€™t have to grow old
(Live for another day)

Iâ€™m a hood daydreamer now
