

# Mickey Mouse

## Sparks

Can you raise both your hands and clap 'em  
Can you say, "sure, I'll always try"  
Can you make friends among people and animals  
Basically, everything is easy  
Give it a try, you'll see I'm right  
Cause if a mouse can be special, well so can you And my name is Mickey Mouse  
To the right is Minnie Mouse  
And we own a little place in Disneyland, California Let's have a party and be happy  
Can we invite our closest friends  
We can ask Donald Duck, Pluto, and all the gang And my name is Mickey Mouse  
To the right is Minnie Mouse  
And we own a little place in Disneyland, California
