

# Kiss Me Goodnight

**Ella Mae Bowen**

I see u everyday  
watching me looking at me  
i get so hot when u look  
at me like that  
why dont u  
kiss me goodnight  
and tell me i'm yours  
kiss me and love me  
and comfort me  
I want u to hold me and tell  
me all the things u love about me  
oh boy i want u so bad i just want a kiss (a kiss baby)

u need me, i need u just  
kiss me goodnight  
and tell me i'm yours  
kiss me and love and  
comfort me (just 1 kiss)  
oh baby i've been dreaming about  
this for so long baby so long  
I want this so bad baby so bad just one kiss, one kiss, one kiss
