They must mean business  
To say there's nothing worse  
Then to let your precious love child  
Leave the planet first'Cause, oh whoa whoa  
They've gotta just let her goAll the things that you swear you're gonna do  
Reservations on the next train to the moon  
Pack your things 'cause there ain't no time to lose  
And all the things you neverSo I think we're gonna have to record her  
Sometimes against her will  
We're gonna keep her alive with black and whites  
Color moving and stillAnd then, oh whoa whoa  
We've gotta just let her goAll the things that you swear you're gonna do  
Reservations on the next train to the moon  
Pack your things 'cause there ain't no time to loseLet her go  
Let her go  
Let her goAll the things that you swear you're gonna do  
Reservations on the next train to the moon  
Pack your things 'cause there ain't no time to loseAll the things that you swear you're gonna do  
Reservations on the next train to the moon  
Pack your things 'cause there ain't no time to loseNo time to lose  
No time to lose  
No time to lose
