

# Nothing Sacred

## Venom

Forgotten tales in history  
Now myths and legends lie  
Among the halls of knowledge  
For young and old alike  
There's nothing sacred  
No there's nothing sacred  
Not the sacred secrets  
The keys to hell awaits ye  
If the cards ye deal suffice  
Ignore the cries of angels  
Now on that dotted line  
There's nothing sacred  
No there's nothing sacred  
Not the sacred secrets  
(REPEAT TWICE)
