

# Sleeping Girl

## Simple Minds

From without, from a child  
In this location, the forces conspire  
Vigilant fire, expectation  
Sleeping girl, I wish you could tell  
This violation  
Sleeping girl, I want you you to smile  
Confirmation  
Moment of truth  
Know what she says  
I cant take it  
I wanted the truth  
But I know I can play, this location  
Sleeping girl, you know her so well  
In?  
Sleeping girl, I want to you tell me  
Conversation  
  
Sleeping girl, you know that you will  
Communication  
Sleeping girl, I want you to smile  
Confirmation  
Sleeping girl, you know her so well  
In?  
Sleeping girl, I want you tell me  
Communication  
Sleeping girl, you know that you will  
Vindication  
Sleeping girl, I want you smile  
Confirmation  
I, i, i..
