

# The One That Got Away

Johnta Austin

Yo, this game is over, man  
I can't do this no more  
Tired of frontin', life ain't the same, man  
I miss you, I need you It's been way too long since you up and gone  
I'm madder than ever 'cause you won't pick up the phone  
And I'm tired of actin' like I ain't hurtin' I told you, you could leave  
I helped you pack your bags  
Who knew that when you left I'd be askin' you back It ain't about my ego 'cause I hate to lose  
But more than that my heart's been bruised Life's too hard, I can't even breathe  
Wherever you are, reach out for me  
I got this chick that chick, but it don't matter  
'Cause I still love the one that got away When I'm in need of your kiss and your touch  
Girl, I'm screamin', I miss you so much  
I got this house, this whip, but it don't matter  
'Cause you're still the one that got away Now do I ever cross your mind?  
You know the rest  
Try to relax but I'm stressed  
Thoughts of you keep me pressed Holdin' hands, stealin' kisses  
From the park, makin' wishes  
Now I'm twisted trippin'  
Try like hell to fix it Girl, I gotta get it back to the way it was  
Back to the happy times  
Back when I was yours  
Back when you were mine It ain't about my ego, yes, I hate to lose  
But more than that my heart's been bruised Life's too hard, I can't even breathe  
Wherever you are, reach out for me  
I got this chick that chick, but it don't matter  
'Cause I still love the one that got away When I'm in need of your kiss and your touch  
Girl, I'm screamin', I miss you so much  
I got this house, this whip, but it don't matter  
'Cause you're still the one that got away This can't be right  
How did I become the reason you went home?  
I'm out of ma mind  
I don't wanna be the reason that I'm alone I need one more thing  
I need one more try  
I need one more day  
I need one more night This ain't about my ego though I hate to lose  
But more than that my heart is been bruised It's been way too long since you up and gone  
I'm madder than ever 'cause you won't pick up the phone

And I'm tired of actin' like I ain't hurtin'  
Life's too hard, I can't even breathe  
Wherever you are, reach out for me  
I got this chick that chick, but it don't matter  
'Cause I still love the one that got away  
When I'm in need of your kiss and your touch  
Girl, I'm screamin', I miss you so much  
I got this house, this whip, but it don't matter  
'Cause you're still the one that got away  
Life's too hard, I can't even breathe  
Wherever you are, reach out for me  
I got this chick that chick, but it don't matter  
'Cause I still love the one that got away  
When I'm in need of your kiss and your touch  
Girl, I'm screamin', I miss you so much  
I got this house, this whip, but it don't matter  
'Cause you're still the one that got away, you got away
