

Mr. Perfect

[Matt Stamm](#)

Never had a chance with you, never had a shot
You think he's everything that you think I'm not
You never saw me, didn't really want to work that hard
He's so easy and eager to please
So far

CHORUS: He's Mr. Perfect
And I'm Mr. Out The Door
He's a brand new 3-piece suit
And I'm torn
I've heard tell that you wear him well
But I'm not sure
That he's Mr. Perfect
He's Mr. Perfect

Down the line with the passing of time
Who's he gonna be
Love doesn't age well, you turn the page and well
We'll see
It might turn out that underneath he's got a mean streak
But if he smacks your little heart around
Don't blame me

CHORUS
