Skin Deep

No Secrets

Your tellin' me that I'm your queen
That nothing matches me
You're makin' me feel like a dream
The way you flatter me
Are you just another fake
Or something special?
Yeah, yeah, yeah, yeah, yeah, yeahYou're tellin' me that I'm too cool
You say I'm beautiful
I got to tell you I'm no fool
I'm kinda cynical
Boy, have you got what it takes?
Something special
Yeah, yeah, yeah, yeah, yeah, yeahDon't think this beauty's skin deep
(Yeah, yeah, yeah)
I need more than you're giving me skin deep
(Yeah, yeah, yeah)
Get down to the bone
Heart and soul, I've got to have it all
It's got to be special
(Special)You sit me on the top of your world
Can't take your eyes of me
You say that I'm your candy girl
Well that's oh so sweet
Boy have you got what it takes
Something special
(Yeah, yeah, yeah)Don't think this beauty's skin deep
(Yeah, yeah, yeah)
I need more than you're giving me skin deep
(Yeah, yeah, yeah)
Get down to the bone
Heart and soul, I've got to have it all
It's got to be special
(Special)Down, down, take it to the bone
Get to the beauty within
Down, down take it to the bone
Got to discover me
Down, down take it to the bone
Open your mind and come in
Down, down, take it to the boneDon't think this beauty's skin deep

(Yeah, yeah, yeah)
I need more than you're giving me skin deep
(Yeah, yeah, yeah)
Get down to the bone
Heart and soul, I've got to have it all
It's got to be special
(Special)
