Skin Deep

No Secrets

Your tellin' me that I'm your queen

That nothing matches me

You're makin' me feel like a dream

The way you flatter me

Are you just another fake

Or something special?

Yeah, yeah, yeah, yeah, yeahYou're tellin' me that I'm too cool

You say I'm beautiful

I got to tell you I'm no fool

I'm kinda cynical

Boy, have you got what it takes?

Something special

Yeah, yeah, yeah, yeah, yeahDon't think this beauty's skin deep

(Yeah, yeah, yeah)

I need more than you're giving me skin deep

(Yeah, yeah, yeah)

Get down to the bone

Heart and soul, I've got to have it all

It's got to be special

(Special) You sit me on the top of your world

Can't take your eyes of me

You say that I'm your candy girl

Well that's oh so sweet

Boy have you got what it takes

Something special

(Yeah, yeah, yeah)Don't think this beauty's skin deep

(Yeah, yeah, yeah)

I need more than you're giving me skin deep

(Yeah, yeah, yeah)

Get down to the bone

Heart and soul, I've got to have it all

It's got to be special

(Special)Down, down, take it to the bone

Get to the beauty within

Down, down take it to the bone

Got to discover me

Down, down take it to the bone

Open your mind and come in

Down, down, take it to the boneDon't think this beauty's skin deep

(Yeah, yeah, yeah)
I need more than you're giving me skin deep
(Yeah, yeah, yeah)
Get down to the bone
Heart and soul, I've got to have it all
It's got to be special
(Special)
