Tell it to your sister and tell it to your brother
Just how much you miss them, why you don't even brother?
Could this be the same love, we share with one another
Always been a cut above, you know that it's gonna be alrightTell me what's in your mind
I know that you're trying to help me
But I just can't find a way to get out of this love
Can't you see that it feels so unrealTell it to your sister and tell it to your brother
Just how much you miss them, why you don't even brother
Could this be the same love, we share with one another
Always been a cut above, you know that it's gonna be alrightHelp me 'cause I'm going down and now that I've got a good reason
I'm taking the easy way out, I'll never get out of this love
Can't you see, it's got to be so unreal
Love, can't you see that it feels so unreal
