

# Way To Fall

## Starsailor

Son, you've gotta way to fall  
They'll tell you where to go  
But they won't know Son, you'd better take it all  
They'll tell you what they know  
But they won't show Oh, I've got somethin' in my throat  
I need to be alone  
While I suffer Son, you've got a way to kill  
They're pickin' on you still  
But they don't know Son, you'd better wait to shine  
They'll tell you what is yours  
But they take mine Oh, I've got somethin' in my throat  
I need to be alone  
While I suffer Oh, there's a hole inside my boat  
I need to stay afloat  
For the summer long Oh  
(Left my sweet soul)  
I've got something in my throat  
(Beneath the bedclothes)  
I need to be alone  
(I'm not comin' down)  
While I suffer Oh  
(Walls have ears)  
There's a hole inside my boat  
(But no one hears)  
I need to stay afloat  
(When nobody's around)  
For the summer They'll tell you where to go  
But they won't know
