Makin' Good Love (remix)

Avant

I'm doing this for all my ladies
I know you thinking yo it sound like a lullaby right?
This is for you
Getting through
This is true
I got your legs spread all over the bed
Hands clenched in the sheets
Hair wild as hell, I know
The only thing on your mind is sexin' me
Girl, I can feel your temperature rising
You should feel my nature too
Come on you should, it's gonna be a bumpy ride
Girl, let's do what we came to do
Girl, when we make love all night
When we make good love all night
When we make love all night
We really make love
Girl, when we make love all night
When we make good love all night
When we make love all night
We really make love
On the balcony ripping the rails
Slowly I'm pulling you near
Sayin', "Shh babe, don't make to much noise
There's alot of peoples who live around here"
Emotion's running high
My hands planted on your thighs
You feel me going up and down
And round and round and round
Girl, when we make love all night
When we make good love all night
When we make love all night
We really make love
Girl, when we make love all night
When we make good love all night
When we make love all night
We really make love
Girl, your drive wait in the back seat
Windows tinted it's getting deep

Fog all over the glass
I don't know how long I can last
With you moaning crazy
Girl keep on calling me
I'll take you to exctasy
And when I'm done, you'll be fast asleep
Girl, when we make love all night
When we make good love all night
When we make love all night
We really make love
Girl, when we make love all night
When we make good love all night
When we make love all night
We really make love
The house, the boat and the jeep babe
In the tube in the pool or the beach babe
Get your grove on
Get your grove on
The house, the boat and the jeep babe
In the tube in the pool or the beach babe
Get your grove on
Get your grove on
Girl when we make love all night
When we make good love all night
When we make love all night
We really make love
Girl when we make love all night
When we make good love all night
When we make love all night
We really make love
And I love the way you feel
Girl, I love you when we are on the floor
Girl, I love you when we are on the couch
Yes, I love you when we are in the kitchen
Girl, I love you when I'm downtown
Yes, I love you when you're going down
Girl, I love you when you're all around
Yes, I love you, I love you baby
When we make it good love
When we make it good love
