

Lost In Paradise (Feat. Jan Johansen)

Erika Norberg

I've been dreaming
Forever on the move from town to town
And I was running
But never took the time to slow me down

Just a like a leaf in the wind
I would turn, I would spin
I needed you

When there was sunshine
Some rain will always fall on my parade
Wore different faces
To every all night dance and masquerade

I turned the hand on the clock
The key in the lock
And here I am
- Here I am

Another day in life
Another day in time
Two hearts in perfect rhythm
Three words in perfect rhyme
We're reaching for the stars now
We're reaching for the sky
I never will be lonely
There's no way to deny

I'm lost in paradise
Don't wanna find my way back home

I was chasing
Kept searching for the answer
To my prayer
But so mysterious
He always disappeared into the air

Turned the hand on the clock
The key in the lock
And here I am

- Here I am

Another day in life
Another day in time
Two hearts in perfect rhythm
Three words in perfect rhyme
We're reaching for the stars now
We're reaching for the sky
I never will be lonely
There's no way to deny

I'm lost in paradise
Don't wanna find my way back home

I'm feeling soon to fade away
When we run out of time
I whisper in your ear so quiet
Three words in perfect rhyme

Another day in life
Another day in time
Two hearts in perfect rhythm
Three words in perfect rhyme
We're reaching for the stars now
We're reaching for the sky
I never will be lonely
There's no way to deny

I'm lost in paradise
I'm lost in paradise

Another day in life
Another day in time
Two hearts in perfect rhythm
Three words in perfect rhyme
We're reaching for the stars now
We're reaching for the sky
I never will be lonely
There's no way to deny

I'm lost in paradise
