

Back In Vietnam

Lenny Kravitz

We are like pirates and we are coming with the biggest ego
We're gonna bring it down and give it to you, that's how we go
We're gonna drop from the sky like a killer tornado
Here we are again, my friends
We're back in Vietnam
Back in Vietnam
We're back in Vietnam
Back in Vietnam
We're gonna keep on riding till the enemy's been severed
We'll never turn around, we don't care if it takes forever
Men, women, children will die, we're all in this together
Here we are again, my friend
We're back in Vietnam
Back in Vietnam
We're back in Vietnam
Back in Vietnam
Do, do, do, do, do
We're back in Vietnam
Back in Vietnam
We're back in Vietnam
Back in Vietnam
We're gonna fly over the world inside a giant eagle
We do just what we want and don't care if it isn't legal
We're on a horse that is high, we think we're so damn regal
Here we are again, my friend
We're back in Vietnam
Back in Vietnam, oh yeah
We're back in Vietnam
Back in Vietnam
Back in Vietnam
Make no mistake about it
We're back in Vietnam
We're back in Viet
Back in Vietnam
We're back in Vietnam
