## Static-X

Never fear  
Never fear  
Never fear  
Never fear to meet the resistance Walk with me  
Walk with me  
Walk with me  
Walk with me though don't mind the distance To avoid all collected  
Disinfect the affected  
Just to feel this connection To avoid all collected  
Disinfect the affected  
Just to feel this connection Feel feel  
Feel feel  
Feel feel Walk by me  
Walk by me  
Walk by me To avoid all collected  
Disinfect the affected  
Just to feel this connection To avoid all collected  
Disinfect the affected  
Just to feel this connection Driving it down  
Tearing it down  
Break it down  
Drive it Driving it down  
Tearing it down  
Break it down  
Drive it Never fear  
Never fear  
Never fear  
Never fear to meet the resistance Walk with me  
Walk with me  
Walk with me To avoid all collected  
Disinfect the affected  
Just to feel this connection To avoid all collected  
Disinfect the affected  
Just to feel this connection Driving it down  
Tearing it down  
Break it down  
Drive it Driving it down  
Tearing it down  
Break it down

Drive it You made me this way  
You made me this way  
You made me this way  
You made me this way You made me this way  
You made me this way  
You made me this way  
You made me this way Driving it down  
Tearing it down  
Break it down  
Drive it Driving it down  
Tearing it down  
Break it down  
Drive it
