My Name Is Human

Highly Suspect

[Intro]
Okay[Verse 1]
I'm feeling the way that I'm feeling myself
Fuck everyone else
Gotta remember that nobody is better than nobody else, here
(Do you need some time to think it over?)
Look what they do to you; look what they do to me
Must be joking if you think that either one is free, here
[Chorus 1]
Get up off your knees, girl
Stand face to face with your God
And find out what you want
(Hello, my name is human)
Hello, my name is human
And I came down from the stars
(Hello, my name is human)[Verse 2]
I'm ready for love, and I'm ready for war
But I'm ready for more
I know that nobody's ever been this fucking ready before, hey
(Do you need some time to think it over?)
So figure it out, or don't figure it out
I figured it out
The bigger the river (the bigger the river), the bigger the drought (the bigger the drought)[Chorus 1]
Get up off your knees, boy
Stand face to face with your God
And find out what you want
(Hello, my name is human)
Hello, my name is human
And I came down from the stars
(Hello, my name is human)[Bridge]
[?][Chorus 2]
I'm up off my knees, girl
I'm face to face with myself
And I know who I am
(Hello, my name is human)
I stole my power from the sun
I'm more than just a man
(No longer disillusioned)[Outro]
(I'm not asking questions)

('cause questions have answers)
(And I don't want answers)
I came down from the stars (so I'll take my chances)
(and woah[?] life is chances)
(and I bring[?] the band[?])
(all my [?])
(so what are the chances?)
(I'm not asking questions)
(So we can go dancin'[?])
Hello, my name is human (What are the chances?[?])
I know who I am (I don't want your answers)
(I'm not asking questions)
(I'm taking my chances)
