

# Come to Mama

[Etta James](#)

If the Sun goes behind the clouds  
And you feel it's gonna rain  
And if the moon ain't shinin' bright  
And the Stars, the Stars  
Won't shine for you tonight  
If your life is hard to understand  
And your lovelife is out of hand  
Oh, Come To Mama  
Come on to Mama If you need, if you need a satisfyer  
Let me be, let me be your pacifyer  
And if you feel, feelin' like a horse  
Chompin' at the bit  
Call my number 777-6969, I'll give you a fix  
Cause I've got your favorite toy  
Guaranteed to bring you joy  
Come To Mama  
Come on to Mama Lead Solo If your soul is on fire  
Let me take you to the corner of the sky  
Hey - Come To Mama  
Come on to Mama
