Touch a New Day

Lena

I take a break now, turn it around
Put my mind in a jamboree
Never felt that feeling that I can feel
When you're near to me

God knows I have never given more
Than I do-do-do today, 'cause I
Give it back what you're giving to me
And there's a lot more coming your way

'Cause I can touch a new day
Just by playing in a new play
I have got some brand new thoughts
And you will be a part in all these

I like the smell of fresh hay
I won't stop right now to inhale
I have got some brand new flavors
Going in and out of my mind

Straight in from a lousy time
I took off on a cloudy day
Not knowing that a little climb
Could turn it in another way

It appears as a matter of fact
A little break off to the side
Can change more things that you've ever thought of
That ain't not reason to hide

'Cause I can touch a new day
Just by playing in a new play
I have got some brand new thoughts
And you will be a part in all these

I like the smell of fresh hay
I won't stop right now to inhale
I have got some brand new flavors
Going in and out of my mind

Come on over, listen to me
Enjoy your ride on my way you know
It might be you're more clever than me
But we can complement each other somehow

Get back to the depth of your soul
And unwind on a hanging seat
You get more when you leave behind
Some of the things you don't really need

'Cause I can touch a new day
Just by playing in a new play
I have got some brand new thoughts
And you will be a part in all these

I like the smell of fresh hay
I won't stop right now to inhale
I have got some brand new flavors
Going in and out of my mind
