

# Give It to Me

## Racer X

I know it's true  
Know what you wanna do  
I could see  
See what you want from me 'Cause your eyes show it  
Yeah, your eyes show it  
Your eyes show it to me  
(What you need) Your body talks  
It's shoutin' when you walk  
That's the language that I read  
It screams, I've got the need You know, I know it  
I know, you know it  
I know just what you need (Huh come on, give it to me)  
All shaken up in love  
Give it to me  
You gotta give it to me I'm hooked, I got the buzz  
Give it to me  
Can't ya see what you're doin' to me  
(Come on give it) 'Cause your eyes show it  
Yeah, your eyes show it  
Your eyes show it to me All shaken up in love  
Give it to me  
You gotta give it to me I'm hooked, I got the buzz  
Give it to me  
Can't ya see what you're doin' to me All shaken up in love  
Give it to me  
You gotta give it to me I'm hooked, I got the buzz  
Give it to me  
Give it to me, me
