

# Join the Ranks

## One Man Army

Join The Ranks  
Join The Fight  
Here We All Are United In A Plight For  
Doing What You Wanna Do  
Let The Truth Be Told  
They're Made From The Mold  
Tied Down Against Their Will  
What Do They Know  
I'll Tell You Nothing  
Join The Ranks  
Up With The Strife  
Because You're In The Days Where Youth Wins The Fight  
Fuck What They're Telling You  
You Aint Like Them  
Could You Ever Be One  
You're A Problem And A Nowhere  
What Do They Know  
Exactly What They've Been Told  
Join The Ranks  
Join The Fight  
Here We All Are United In A Plight For  
Doing What You Wanna Do  
You Aint Like Them  
Could You Ever Be One  
You're A Problem And A Nowhere  
What Do They Know  
Exactly What They've Been Told.
