

Definition Of A Woman

Monrose

[Bahar:]So what, you like to wear you pants down low

Actin' all crazy, pimpin' out your wheels for show

It doesn't mean you're not the type of guy for me

[Senna:]See I don't need you living up to a clinch (ya!)

I'm cool with you doing you

Baby, what you gotta say

[Mandy:]To my suprise you oh so speechless,

Tell me baby....

[Refrain:]Tell me what's your definition of a woman

Think twice before you go round labeling me I'm not your typical superficial Princess

What do you see when you look at me?

[Senna:]I like to paint

My nails bright colors

Sometimes I might even cut my t-shirt up

My hair changes depending oh how I feel

[Mandy:]You see me round rockin' every label

They say "I got it"

But tonight "the drinks on me"

[Bahar:]My money don't define the type of girl I am

[Mandy:]Tell me Baby!!!!

[Refrain:]Tell me what's your definition of a woman

Think twice before you go round labeling me I'm not your typical superficial Princess

What do you see when you look at me?

[Bridge:][Bahar:]Strip away all these things and see what lies beneath

It'll make it so much easier than you think

[Mandy:]If you'd just open your eyes, stop trying then realize

all the pieces are here

just seek you will find

[Bahar:]When you look at me

When you look at me

[Mandy:]Can you see me!!!!!!

[Refrain:]Tell me what's your definition of a woman

Think twice before you go round labeling me I'm not your typical superficial Princess

What do you see when you look at me?

Tell me what's your definition of a woman (Woman)

Think twice before you go round labeling me (meeee) I'm not your typical superficial Princess

What do you see when you look at me? look at me?

Oh

Oh
When you look at me
Oh
Oh
When you look at me
Oh
Oh
When you look at me
Oh
When you look at me
