Temptation Inside Your Heart

The Velvet Underground

Somebody shut the door
I know where temptation lies
Inside of you heart
You can talk during this

I know where the evil lies
Inside of your heart
Well get out of here

If you're gonna try to make it right
You're surely gonna end up wrong
Wrong wrong wrong wrong
Ah!

That's the only chord I know
I know where the mirror's edge
Is inside of your heart
Motown

It's no even within five feet
Well if you're gonna make it right
You're surely gonna end up wrong
You don't look like Martha and the Vandellas
I'm just gonna start it all over again

Somebody get her out of here
Electricity comes from other planets
(It's not that a bad solo. Four times is pretty together)
(You can stay here)

I know where temptation lies
Inside of your heart
Yes he's ready

I know where the evil lies
Inside of your heart
Is he ready

Well if you're gonna make it right

You're surely gonna end up wrong

Oh the hole mess start again
Well New York buildings are very height
And not all offensive
Lock the door

Gonna carry on at infinite light, my dear
The Pope in the silver castle
Was that awful.
Hey, that's fine. That's it.
