

Black Water Lilies

Aurora

When
I am on a boat
I float
I know I can never drown I see under water and
The wind, the wind is the only sound Take your hand and I go under
I'm wandering about
Take your hand and I go under
I'm wandering about On the river
I'm floating in on the water
I'm diving into the ocean
A thousand black water lilies
(2) Black water lilies
Arms are reaching for
My arms I can see no more We dance as we float around
We head towards the ocean floor Take your hand and I go under
I'm wandering about
Take your hand and I go under
I'm wandering about On the river
I'm floating in on the water
I'm diving into the ocean
A thousand black water lilies
(2) I am warm
Calling out, I am reborn
Oo, oo, oo, oo, ooooo Water lilies, water lilies, water lilies, water lilies
Umm
Ahh
Yeah
Black water lilies
