

Wonderful Place

[Kelley James](#)

I could live in a concrete jungle on the corner begging for some change
Being nothing but an old speed bump on the pavement of a digital age
Just as long as you were by my side well I know I'd be okay
Come to find that a concrete jungle with you is a wonderful place
With you is a wonderful place
I could drive down the 5 in a stolen ride down to Mexico
No money, no map, no plan, no clue where I'm gonna go
Just as long as you were by my side well I know I'd be okay
Come to find that a hideaway town with you is a wonderful place
With you is a wonderful place[chorus]
It doesn't matter where I'm going, what I'm doing as long as I'm with you
Even if the sky is storming, the tears are falling, as long as I'm with you
It doesn't matter where I'm going, what I'm doing as long as I'm with you
I'll be alright, yeah I'd be alright
I could float far away one day in an ocean lost at sea
Just a boy, with a sail and a dream and no one looking for me
But just as long as you were by my side well I know I'd be okay
Come to find that a little old boat with you is a wonderful place
With you is a wonderful place
