He shot Reagan, he shot the pig, didn't he?  
he shot the secretary in the head, didn't he? between the eyes, in the chest, .22's are the best  
for your dear, for your honey kill the prez, leave the rest  
we're Jodie Foster's Army, Jodie Foster's Army!  
In your room, plot the crime, mom and dad's house
