

# Ordinary

## Grinspoon

All right, right on  
Cowgirl, that song  
Find something you can sell  
Then make a war to find it  
You're told it  
So now it's true  
No business  
Somewhere ordinary, yeah ordinary  
Cast yeah, alright  
Baby, you're rockin' tonight  
It started out so well  
Then it goes straight, then it folds  
You're told it  
So now it's true  
No business  
You're so ordinary  
Get back to  
When you were blue  
Go find her  
Somewhere ordinary  
Find somewhere you can go  
And get away from it all  
You're told it  
So now it's true  
No business  
Somewhere ordinary  
Get back to  
When you were blue  
Go find her  
Somewhere ordinary  
You're so ordinary
