

# Mercury

## Murmansk

Wanna go get high?  
Mercury is parked outside under the light  
    Wanna take me to  
    Parking lot of the old high school  
        And it's like you said  
    Would've turned up dead in the car  
        And it's like you said  
    Would've turned up dead in the car

Wanna go get high?  
Mercury is parked outside under the light  
    Wanna take me to  
    Parking lot of the old high school  
        And it's like you said  
    Would've turned up dead in the car  
        And it's like you said  
    Would've turned up dead in the car
