# Choose

## Color Me Badd

Anything you want me to
I will live or die, you choose
This I swear
Only love, I will live
Only love, I will give
Only love, I will live
Only love, I will give
Only love can make me do
What I don't wanna do
Only love, I will live, only love
You know I?m not much on words
But I got to tell you how I feel
(Open your eyes, don?t try to hide my love)
So hard to say but I think it?s best
Gotta give your heart it's time to heal
(When you're ready, I?ll be there)
Sometimes I try and sometimes I cry
Only love make me do
What I don?t wanna do
Anything you want me to
I will live or die, you choose
I?m serious when I tell you love
That a little heartbreak is ten to a dime
(Don?t be afraid, just turn the page my love)
Curious when the day will come
I see my reflection in your eyes
(Take your time and I?ll be there)
Sometimes I try and sometimes I cry
Only love make me do
What I don?t wanna do
Anything you want me to
I will live or die, you choose
Sometimes I try and sometimes I cry
Only love make me do
What I don?t wanna do
Anything you want me to
I will live or die, you choose
Only love, only love
Only love, only love

Looking through my eyes
At the world, can?t you see
Every time I see your face
There?s a choice to be made
Walking hand in hand
Through the sands of the time
As I peer into the past
Foreign steps are terrorizing
Watching what is now
There?s a fork in the path
Of the future of your life
Which road shall you choose?
Choices to be made
Past and present, it?s not easy
But my love will let me die
Until your heart resurrects me
Sometimes I try and sometimes I cry
Only love make me do
What I don?t wanna do
Anything you want me to
I will live or die, you choose
Sometimes I try and sometimes I cry
Only love make me do
What I don?t wanna do
Anything you want me to
I will live or die, you choose
Sometimes I try
(Only love)
Sometimes I cry
(Only love)
Sometimes I
(Only love)
Only love make me do
What I don?t wanna do
Anything you want me to
I will live or die, you choose
Sometimes I try
I will live or die, you choose
Sometimes I cry
I will live or die, you choose
I will live or die, you choose
I will live or die, you choose
I will live or die, you choose
I will live or die, you choose
