

Someday My Prince Will Come

Anastacia

Someday my prince will come
Someday I'll find my love
And how thrilling that moment will be
When the prince of my dreams come to meHe'll whisper, 'I love you'
And steal a kiss or two
Though he's far away, I'll find my love some day
Someday when my dreams come trueSomeday my prince will come
Someday I'll find my love
And how thrilling that moment will be
When the prince of my dreams come to meHe'll whisper, 'I love you'
Then he'll steal a kiss or two
Though he's far away, I'll find my love some day
Someday when my dreams come trueSomeday, yes, my prince, he's gonna come
Someday
