

You Said Enough

[Kat Edmonson](#)

You told me I should wear your ring
You told me she was just a fling
You said you were a one-girl guy
You said enough now say goodbye
You talk and talk about your love
And how there's no one else above
And how you didn't mean to lie
You said enough now say goodbye

I don't want to but the thing I've got to do is walk away
Cause if I don't leave I'll start believing something else you say
I hear you're coming home to stay
I heard the same thing yesterday
Well hear me now and don't ask why
You said enough now say goodbye

I don't want to but thing I've got to do is walk away
Cause if I don't leave I'll start believing something else you say
I hear you're coming home to stay
I heard the same thing yesterday
Well hear me now and don't ask why
You said enough now say goodbye
You said you were a one-girl guy
You said enough now say goodbye
You said enough now say goodbye
You said enough now say goodbye
