Close To The Flame

Him

The kiss sweetest
And touch so warm
The smile kindest
In this world so cold and strong
So close to the flame
Burning brightly
It won't fade away, leave us lonely
The arms safest
And words so good
The faith deepest, yeah
In this world so cold and cruel

So close to flame
Burning brightly
It won't fade away, leave us lonely
So close to flame
Burning brightly
Won't fade away, leave us lonely
Close to the flame
Burning brightly
Won't fade away, leave us lonely
