

# Dancehall Domine

## The New Pornographers

They love you with the lights on, repeating, reciting  
Whenever you feel gentle, whenever you'll be nice  
Yet someone will have to break the lines  
But then that turn you right  
They love you with the lights on, turn them on but don't bother  
Never been so loved but you're handling it well, lover  
Just like every idea, want to be like no other

When we go to dancehall domine  
And let it.. don't let it, never let it be said  
We go to dancehall domine  
You're covered in... don't let it, never let it be said  
I've got, got to go  
Now I've got, got to go  
In the heart of the heart of the heart of the heart

They love you with the lights on, defeated, delighted  
You'll never say the right thing, so keep it exciting  
You don't have to break the lines, no they're letting you right in

When we go to dancehall domine  
And let it.. don't let it, never let it be said  
We go to dancehall domine  
You're covered in... don't let it, never let it be said  
I've got, got to go  
Now I've got, got to go  
In the heart of the heart of the heart of the heart
