

# Force of Nature

[Bea Miller](#)

I don't know why but my hands are shaking  
I can see you coming and I stand here waiting  
Yeah I get tongue tied in the conversation  
It's an F'd up, bad, sick situation I tried to tie my heart down, board up all the windows  
Oh but it's too late now  
I let you get too close  
I know I should take cover, hide inside these four walls  
But baby I surrender, it all 'Cause you're a force of nature  
Look at what you've done  
I can taste the danger but I don't wanna run  
So pull me to the ground and I won't put up a fight  
I'm a caution taker, but baby you're a force of nature  
Baby you're a force of nature I feel your lips move in and they take me under  
You know just what to do, how to make me want you  
And I know I'll be broken when it's over  
Oh but I can't help but pull you closer I tried to tie my heart down, board up all the windows  
Oh but it's too late now  
I let you get too close 'Cause you're a force of nature  
Look at what you've done  
I can taste the danger but I don't wanna run  
So pull me to the ground and I won't put up a fight  
I'm a caution taker, but baby you're a force of nature I'll be here 'till we collide  
I don't care if I survive  
So crash into me one more time  
Yeah, yeah, oh 'Cause you're a force of nature  
Look at what you've done  
I can taste the danger but I don't wanna run  
So pull me to the ground and I won't put up a fight  
I'm a caution taker, but baby you're a force of nature  
Baby you're a force of nature Baby you're a force of nature  
Baby you're a force of nature
