

Stranger In Paradise

[Sarah Brightman](#)

Take my hand I'm a stranger in paradise A stranger in paradise All lost in a wonderland That's the danger in
paradise If I stand starry-eyed I saw your face and I ascended For mortals who stand beside an angel like you
Won't you answer this fervent prayer Out of the commonplace into the rare Somewhere in space I hang
suspended Until I know there's a chance that you care Of a stranger in paradise Don't send me in dark despair
From all that I hunger for But open your angel's arms And tell him that he need be To this stranger in paradise
A stranger no more Oh yeah
