I Love My Mom

The Roches

Mommy help me
I can't hear
There is a pain
In my earI am afraid
I am afraidAnd I need your love
And I love my mom
I love my momMommy why
Are you really angry
I don't know
What is the matter with meYou make me cry
You make me cryAnd I need your love
And I love my mom
I love my momDown in the cellar
Is a memory chest
Inside of it
Mom's wedding dressI try it on
I try it onAnd I need your love
And I love my mom
I love my momI understand
As I get a little older
I can't always
Do what I'm toldI get a spanking
I get a spankingAnd I need your love
And I love my mom
I love my momOh, mommy
There is a boy
Down the street
He is a making fun of meI'm running home as fast I can
I'm running home, I really ranAnd I need your love
And I love my mom
I love my momMommy help me
I can't hear
There is a pain
In my earI am afraid
I am afraidAnd I need your love
And I love my mom
I love my mom
