Cannibal Song

This Way To The Egress

Dehumanize, lobotomize
Thrown into a cell
Swallow your pride
In an infant mindThrown into a cell
A punishment fit
For a crippled mindDon't do that to me
Criminals, sodomites
All laughing at meLife is hell forever fighting
A deficient mind
We're all left alone and poisoned
A sickening trap, a sight worth seeingDehumanize, lobotomize
Thrown into a cell
Swallow your pride
In an infant mindDon't do that to me
Don't do that to me
Force breaks our back
Time preserves, fearfullyYou know what I said
Hideous and strangeThrown into a cell
A punishment fit
For a crippled mind
