

To Binge (feat. Little Dragon)

Gorillaz #14

To Binge

Gorillaz

Waiting by the mailbox, by the train

Passin' by the hills 'til I hear the name

I'm looking for a saw to cut these chains in half and all I want is

Someone to rely on as

Thunder comes a rolling down

Someone to rely on as

Lightning comes a staring in again

2D

I'll wait to be forgiven

Maybe I never will

My star has left me

To take the bitter pill

That shattered feeling

Well the cause of it's a lesson learned

Just don't know if I could roll into the sea again

"Just don't know if I could do it all again" she said, it's true

Waiting in my room and i lock the door

I watch the coloured animals across the floor

And im looking from a distance

And im listening to the whispers

And oh it aint the same, when your falling out of feeling and your

Falling in and caught again

2D

Im caught again in the mystery

Your by my side, but are you still with me?

The answers somewhere deep in it, im sorry but your feeling it

But i just have to tell that i love you so much these days

Have to tell you that i love you so much these days, its true

My heart is in economy

Due to this autonomy

Rolling in and caught again

Caught again

My heart is in economy

Due to this autonomy

Rolling in and caught again

Caught again
