

Absolute Misanthropy

Kreator

You don't know how much I hate you
And always will
I'll never crawl before your thrones
You don't know the day will come soon
When we will kill
The final holocaust for your dark hearts
Feels like I'm on poisoned adrenaline
Aggro-toxic amphetamine
This one goes out to the ones I hate
Poisoned adrenaline
Socio terror on endorphins
Come join my philosophy
- Absolute misanthropy!
Feels like I'm on poisoned adrenaline
Aggro-toxic amphetamine
This one goes out to the ones I hate
Poisoned adrenaline
Socio terror on endorphins
Come join my philosophy
- Absolute misanthropy!
Pain after pain
Sin after sin
You'll be the ones that will suffer
The soul always burns as
The body decays
All that I'm able to feel
Absolute misanthropy
Absolute misanthropy
Absolute misanthropy
I can't wait for you to die!
