

Mothball the Fleet

Deerhoof

Youve been selected, prepare yourself,
Youve been selected, prepare yourself,
Im not gonna sew her animal,
Im not gonna sew her animal,
All aboard your new home in the night sky
All aboard your new home in the night sky
All aboard your new home in the night sky
All aboard your new home in the night sky
All aboard your new home, faraway. Youve been selected, prepare yourself,
Youve been selected, prepare yourself,
Im not gonna sew her animal,
Im not gonna sew her animal,
All aboard your new home in the night sky
All aboard your new home in the night sky
All aboard your new home in the night sky
All aboard your new home in the night sky
All aboard your new home, faraway. So, so, I pronounce you, I pronounce you, I pronounce you
So, so.
