

Turquoise Boy

Sonic Youth

"Ha-ha...okay, dog..."[Kim]
Turquoise boy, I must confess to you,
sweet liberation has come
You are a legend in a lovely game,
but now I feel I must runTurquoise boy, the sky is calling me
Sweet isolation in the sun
You are a soldier in a sad charade
How do you lose what's never found?Turquoise boy, I must confess to you,
sweet liberation has come
You are a legend in a lovely game,
but now I feel I must run
